Sir:

Applicant respectfully directs the attention of the Examiner to art cited in a PCT Application No. PCT/IL02/00746 filed September 9, 2002 of which the present application is a continuation-in-part.

Applicant wishes to further point out that all the art listed on the attached PTO-1449 form was cited in an International Search Report issued on July 8, 2003 for the parent file PCT/IL02/00746.

Applicant is confident that the Examiner considered all the art cited in parent application PCT/IL02/00746, in accordance with MPEP Section 609.02 A.2. However, in order to ensure that the record is clear on this point, and that the references appear on the front page of the patent issuing in the present application, applicants respectfully request that the Examiner also initial these items and return the enclosed PTO-1449 form.

302/05152

Applicant hopes that it will not be a burden for the Examiner to consider the art and return the enclosed 1449 form initialed accordingly, since all the references listed on the enclosed form are available in the parent file.

Early and favorable consideration is earnestly solicited.

Respectfully submitted,  
Ely ZACAY
